

Changes to SD law to stop the Nest Predator Bounty Program

We are suggesting a bill to amend SDCL 40-36-9. This is the state law that gives the Commission the authority to set up the Nest Predator Bounty Program as a resolution, rather than a rule

Amend SDCL 40-36-9 by inserting new text and add insert a new definition to SDCL 41-1-1.

SDCL [40-36-9](#). Programs and rules for control of injurious animals--Payment of expenses.

- The Department of Game, Fish and Parks may direct or employ personnel and conduct programs and the Game, Fish and Parks Commission may adopt pursuant to chapter 1-26 necessary rules to control foxes, coyotes, feral dogs, prairie dogs, and other wild animals. The expense of the bounty shall be paid out of the Department of Game, Fish and Parks fund or the state animal damage control fund. The existing Game, Fish and Parks Commission **RESOLUTION 23-01 approving 4 years of Nest Predator Bounty Program funding, shall be rescinded. Any future funding of any Nest Predator Bounty Program by the SD Game, Fish and Park's fund or state animal damage control fund shall not be allowed.**
