5. A person may use an electronic call to hunt mountain lions.
6. All firearms, muzzleloaders, and archery equipment must meet the same minimum requirements as established in administrative rule for deer hunting.

8. The use of dogs to hunt mountain lions is only allowed during those specified hunting intervals in Custer State Park that permit the use of dogs, and year-round outside of the Black Hills Fire Protection District.
9. In Custer State Park, a person using dogs shall attempt to harvest the first legal mountain lion they have a reasonable opportunity to harvest, except under the condition where the lion pursued shows obvious signs of lactation.
10. Licensed hunters must accompany the dog handler when the dogs are released and must continuously participate in the hunt thereafter until the hunt is completed.
11. Custer State Park is closed to mountain lion hunting except for 75 mountain lion licensees who possess a valid mountain lion license and a temporary access permit structured to include:
 - (a) Four hunting intervals each having 15 access permits in which hunting with dogs is not allowed.
 - (b) Five hunting intervals each having three access permits in which hunting with dogs is allowed.

- (c) Hunting in Custer State Park shall begin with an interval that allows the use of dogs and rotate every 14 days with an interval that does not allow the use of dogs until the lion season closes in the Black Hills Fire Protection District. The temporary access permits are issued free-of-cost and may be issued by a random drawing.
12. All mountain lions harvested within the Black Hills must be presented to a department representative at the Rapid City Regional Office or Custer State Park Headquarters within 24 hours of harvest for inspection. Any person who harvests a mountain lion outside of the Black Hills region must present the mountain lion to a department representative within 24 hours of harvest.

Proposed changes from last year:

1. Modify § 41:06:61:06 to allow the initiation of the pursuit of a mountain lion with dogs outside the Black Hills Fire Protection District to occur anywhere, where permitted by the landowner.
2. *New* Modify § 41:06:61:06 to exclude examples of closed areas Wind Cave National Park, Jewel Cave National Park, and Mount Rushmore National Memorial.

SUPPORTIVE INFORMATION

The rule change would allow more mountain lion hunting opportunity on the prairie because the restriction of where the pursuit may initiate outside of the Black Hills Fire Protection District will be removed. This may result in increased harvest of mountain lions on the prairie of South Dakota.
